Art Unit: 2812

Reasons For Allowance

The following is an Examiner's statement of reasons for the indication of allowable subject matter:

The basis for the allowability is :

Claims 1-46 recites the combination of forming a bit node contact opening within insulative material over the bit node ; forming sacrificial plugging material within the bit node contact opening between the pair of word lines; removing sacrificial plugging material from the bit node contact opening between the pair of word lines, and replacing it with conductive material that is in electrical connection with the bit node; and after the replacing, forming the conductive material into a bit line.

None of art of record teaches nor suggests to combine above cited limitations in the claimed invention as a whole.

Any comments considered necessary by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably **accompany** the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".
